THE DOOR
WITH THE SOLID CORE

GRP V Solid Core

GRP V SOLID CORE

GRP

A typical foam filled GRP construction has only a small section of the door which is actually solid. The door is made up from two GRP skins bonded to a sub frame which is then filled with high density foam. The Gel coated GRP skins which are bonded to the frame are vulnerable to scratching, and not easily repaired if dented.

SOLID CORE

The SOLID CORE door is made from sixteen layers of laminated veneered timber called Kerto®. This ensures the grain is not running in one direction. The grain direction can sometimes be a weak point of timber and can lead to warping, or splitting. By using a specially orientated layup of sixteen veneers, the grain is running in multiple directions ensuring the Kerto® core has significantly increased strength, rigidity, and vastly improved security. Bonded to this are two robust coloured PVCu skins that offer a realistic wood grain effect or smooth finish in a range of colours.

The door comes complete with a Sculptured frame (Chamfered is available on request) in a choice of twenty two coloured foils as well as plain white or cream. There is also the options of a 57mm low PVCu threshold instead of the normal 77mm as well as a 24mm aluminium which can also have wheelchair ramps fitted.

Timber is naturally renewable and our Timber is purchased from sustainable managed forests and can be recycled at the end of its useful life and not destined for land fill.

Accessories

Fullex Crimebeater

This Secured by Design, PAS23/24 door lock has 2 outer Hooks with a centre Hook and latch. Complete with fully adjustable keeps and an integral door latch snib.

Suitable for Lever/Lever and Lever/Pad operations. 960 spindle height from bottom of slab.

Yale Lockmaster

This lock incorporates 2 hook locks with a centre latch and deadbolt.

Secured By Design accredited and tested to PAS23/24.

Suitable for Lever/Lever and Lever/Pad operations. 960 spindle height from bottom of slab.

Yale Conexis

This is a Smart Lock which can be used with most 92mm centred multi point door locks. Say goodbye to keys with the Conexis. You can send mobile keys to family and friends to be able to access a home for a few hours or weeks.

Configure, control and unlock your Smart Door Lock from your smartphone via the secure Bluetooth app alternatively use a key card or key tag to open your door.

Winkhaus Heritage

This is a Slam Shut Lock.

The aesthetics of a traditional rim latch, but incorporating the latest high security multipoint lock which activates automatically once the door is shut. Comprises of 2 antipush back Hooks with centre latch and deadbolt.

The cylinder measures is approx. 590mm from the top of the slab.

GU Security Automatic

This is a Slam Shut Lock. The spindle is situated at 960 from the bottom of the slab giving you the extra choice of a standard positioned handle using a slam lock. Fully adjustable composite keeps with edge protection.

With 3 deadbolts and centre latch this is a PAS23/24 tested lock and Secured By Design registered. This is used on our FD30 doors in conjunction with a fire testing certificate.

Solid Core Adjustable Hinge

This is a Face Fix hinge for ease of installation. This hinge automatically sets the correct compression so no need for adjustment. The hinge allows adjustment to be made horizontally and vertically to +/- 2.5mm. Easily removable cover. A very Slimline heavy duty hinge.

Available in White, Black, Chrome & Brass.

Trojan Hinge

A butt hinge with full adjustment for a perfect door fit. Simultaneous vertical adjustment across all hinges which ensures even load distribution.

Slab can easily be removed if required.

Available in: White, Brown, Tan, Black, Chrome & Grey 7016

Accessories

Handles

Balmoral Lever/Lever

Standard Lever/Lever handle.

Available in: White, Black, Bright Gold, Bright Chrome, Satin Chrome, 7016 Grey, Graphite & Stainless Steel

Balmoral Lever/Pad

Lever/Pad split spindle handle.

Colours available: White, Black, Bright Gold, Bright Chrome, Satin Chrome & Graphite

Balmoral Lever/Lever Offset

Lever/Lever Offset split spindle

Available in: White, Black, Bright Gold, Bright Chrome, Satin Chrome & Graphite

Lock Lock Lever/Lever or Lever/Pad

Available with or without cylinder hole this Premium Quality curved edged handle is available in the colours shown. Double coated which delivers over 8000 hours in a salt spray test. The Patented internal switch locks the door spindle. If the spindle can't turn the door can't open.

Available in the colours: White, Black, Bright Gold, Bright Chrome & Satin Chrome

Heritage Lever/Lever

This traditional door handle can be suited with door knocker and letter plate if required.

Available in Antique Black, Bright Gold, Bright Chrome & Graphite.

Architectural Lever/Lever

This is a modern contemporary handle that can be fully suited with letterbox and door knocker if required.

Available in Bright Chrome, Bright Gold, Bright Bronze & Graphite.

Urn Style

Available with or without viewing hole.

Available in: White, Black, Bright Gold, Bright Chrome, Satin Chrome, 7016 Grey, Graphite & Stainless Steel

Heritage Bullring

Bullring knocker available in Antique Black, Bright Gold, Bright Chrome & Graphite

Architectural Style

Available in: Antique Black, Bright Gold, Bright Chrome & Graphite

Nu Mail

Available with a Shield/Cowl for PAS24 Secured By Design when necessary.

Available in: white, black, bright gold, bright chrome, satin chrome, 7016 grey, graphite & stainless steel

Heritage

Available in: Antique Black, Bright Gold, Bright Chrome & Graphite

Architectural

Available in: antique black, bright gold, bright chrome & graphite

Ultion stays locked

When attacked Ultion enters Lockdown mode activating a lock hidden deep inside its core. This core is behind 20 anti-drill rods and is made with Molybdenum, which is 25% denser than iron. The 11 pin design delivers 294,970 key combinations.

If a burglar snaps
Ultion and breaks in

£1000
GUARANTEE

If an intruder burgles your home by snapping Ultion,
Brisant-Secure will pay you £1000.
